WORKER REPRESENTATIVES

Please page 905-720-8508 for immediate assistance with Health and Safety Emergencies or Work Refusals or call Switchboard to contact a Worker Rep from the fan-out list

Section 43 of the Occupational Health and Safety Act outlines the Worker's Right to refuse unsafe work. An extension of this right to refuse is now in place with Bill 168. Workers can remove themselves from harmful situations if they have reason to believe that they are at risk of imminent danger due to workplace violence.

**The Right to Refuse unsafe work does not apply when the worker's refusal would directly endanger the life, health and safety of another person.*
